

## 2017-2018 Unusual Enrollment History Form

The Unusual Enrollment History Flag was implemented by the U.S. Department of Education. This form will be used to resolve identify instances of potential fraud and abuse of the Federal Pell Grant Program. The descriptions are “possible enrollment pattern problem” or “questionable enrollment pattern”. While some students have legitimate reasons for unusual enrollment histories (i.e., attendance at several schools in one year), other students may enroll in postsecondary schools long enough to receive credit balance payments, leave the institution, and repeat the process at other schools. Students with an unusual enrollment history flag on their FAFSA results are required to submit this form and supporting documentation prior to receiving a financial aid offer at Jarvis Christian.
