THE JARVIS PROMISE

Jarvis promises to provide an affordable college education within an environment that is academically challenging, supportive, nurturing and responsive to the needs of the “whole student.” Further, Jarvis promises to inspire, mold and mentor students to become responsible adults, academic achievers, compassionate and spiritual believers and leaders in the community. The Promise has four components: affordability; competitiveness; career pathways; and warranty, the latter of which guarantees Jarvis graduates the opportunity to “retool their skills” by auditing up to 12 credits to enhance performance in the workplace, should employers require such.
