

INSTITUTIONAL EFFECTIVENESS AND RESEARCH

MISSION

The mission of the Office of Institutional Effectiveness and Research is to support the University goals of promoting academic quality by enhancing learning, teaching, scholarship, and service and by celebrating Jarvis Christian University distinctive strengths. The Office of Institutional Research and Effectiveness supports the strategic direction of the Increases to increase student academic attainment and encourage students to engage in life-long learning; develop and implement a comprehensive strategic assessment process that informs the alignment and use of resources; and, create a campus culture that values partnerships and public service. To facilitate this process, the Office of Institutional Effectiveness and Research provides data and analysis to support effectiveness, institutional planning, decision-making, recruitment, and faculty instruction.
